Honorable President and
Members of the Board of Directors
Sussex County ESC
Sparta, NJ

November 21, 2013

Dear Board Members,

The Comprehensive Annual Financial Report (CAFR) of the Sussex County Educational Services Commission (the "Commission" or "SCESC") for the fiscal year ended June 30, 2013 is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness to the presentation, including all disclosures, rests with the management of the Commission. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the basic financial statements and results of operations of the Commission. All disclosures necessary to enable the reader to gain an understanding of the Commission's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The Introductory section includes this transmittal letter, the Commission's organizational chart and a list of principal officials. The Financial section includes the Independent Auditor's Report, the Management Discussion and Analysis, the basic financial statements and notes providing an overview of the Commission's financial position and operating results, and supplementary schedules providing detailed budgetary information. The Statistical section includes selected economic and demographic information, financial trends and fiscal capacity of the commission, generally presented in a multi-year basis. The Commission is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of management and Budget Circular A-133, Audits of States, Locals Governments, and Non Profit Organizations, and the New Jersey's OMB Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this Single Audit, including the auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants along with findings and questioned costs, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES

The Sussex County Educational Services Commission is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board ("GASB") in codification section 2100. All funds of the Commission are included in this report. The SCESC and its' school, Northern Hills Academy, constitute the Commission's reporting entity. The Commission provides a full range of educational services for both public school districts and non-public school programs in Sussex and Warren Counties.

Services are provided to regular education, as well as special education students. The Commission completed the 2012-2013 school year with having served 38 students enrolled in the Northern Hills Academy. Services for basic skill instruction, communication, computation, supplemental instruction in math and language arts, speech therapy and Child Study Team evaluations were provided to 132 eligible students and 318 services were provided to nonpublic students through Chapter 192/193 State funding. Additionally, approximately 82 students were serviced through I.D.E.A.I funds including 7 for related services of OT/PT. Nursing services for students attending 5 nonpublic schools were provided under Chapter 226 state funding.

A variety of Itinerant Public School Programs continued in the 2012-2013 school year. Many of these services were provided to local Boards of Education to help provide efficient cost savings to our member/nonmember districts in the areas of child study team services. These services include learning disability teacher consultants, school social workers, educational psychologists and other related service personnel.

The 2012-2013 school year saw transition in administrative positions for the Sussex County ESC. A full-time School Business Administrator left in December 2012 and the remainder of the school year a part-time School Business Administrator supported the continued financial management of the Sussex County ESC.

2. ECONOMIC CONDITION AND OUTLOOK:

During the 2012-2013 school, the services provided by the SCESC to districts continued to have a positive impact on the economic condition of the SCESC's finances. School districts continued to utilize services for students at the Northern Hills Academy and the number of schools utilizing services under Itinerant Programming expanded. The state of the economic condition led to the SCESC implementing a construction project to expand the Northern Hills Academy's student population for the 2013-2014 school years.

3. MAJOR INITIATIVES:

One of the largest initiatives that SCESC navigated successfully occurred through the Non-Public School Services Program. The SCESC Administrative staff worked diligently to reacquire the Sparta Non-Public programming for the 2013-2014 school years. As this doubles the size of the non-public programming, it has necessitated some staffing changes.

Maintaining the stellar reputation that the Northern Hills Academy has within the surrounding counties has been a constant. Academic programming, combined with life skill instruction has allowed the NHA School to remain at full capacity. Transition planning for special needs students remains a high priority and cultivating a strong community based instruction program that can be a model program for the state is a goal.

Partnering with a local school district to expand their parent support groups was established in the 2012-2013 school year and remains an activity that the SCESC administrative team supports. Expanding professional development opportunities within Sussex County remains a focus of administration.

With new educational leadership occurring, expansion of professional development, academic services, and educational opportunities continue to be on the horizon. By collaborating with local school leaders and community leaders, the SCESC is in a primary spot to support New Jersey's educational initiatives.

4. Internal Accounting Controls

Management of the Commission is responsible for establishing and maintaining internal control designed to ensure that the assets of the Commission are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The system of internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the Commission also is responsible for ensuring that adequate system of internal controls is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control system is also subject to periodic evaluation by the Commission administration.

As part of the Commission's single audit described earlier, tests are made to determine the adequacy of the system of internal controls, including that portion related to federal awards and state financial assistance programs, as well as to determine that the Commission has complied with applicable laws and regulations.

5. Budgetary Controls

In addition to internal accounting controls, the Commission maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with the statutory requirements of charter school budgets. Annual appropriated budgets are adopted for general and special revenue funds. The final budget amount, as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year end are either canceled or are included as re-appropriations of fund balance in the subsequent year. There were no open encumbrances as of year-end.

6. Accounting System and Report

The Commission's accounting records reflect generally accepted accounting principles (GAAP), as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the Commission is organized on the basis of governmental funds and business type activities fund. These funds are explained in "Notes to the Financial Statements", Note 1.

7. Cash Management

The investment policy of the Commission is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements". The Commission has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

8. Risk Management

The Commission carries various forms of insurance, including but not limited to general liability hazard and theft insurance on property and contents, and worker's compensation.

9. OTHER INFORMATION

a. Independent Audit

10. ACKNOWLEDGMENTS

We would like to express our appreciation to the members of the Sussex County Educational Services Commission for their concern in providing fiscal accountability to the citizens and taxpayers of their member school districts and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our auditors and administrative staff.

Respectfully Submitted,

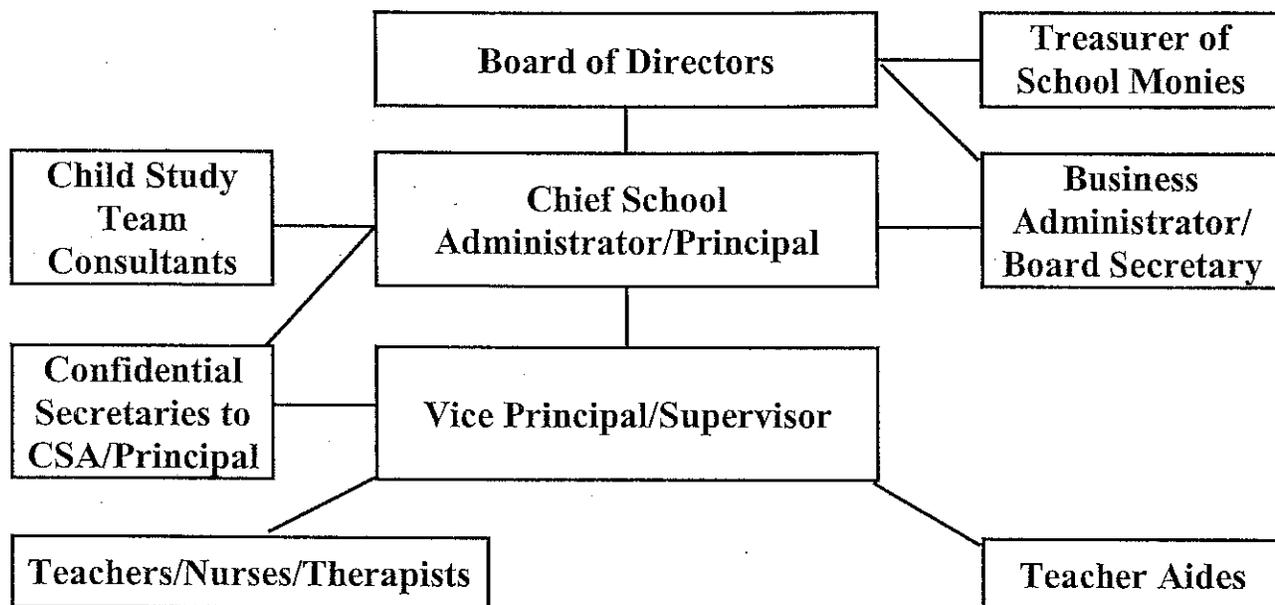

Andrea Romano

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Directors
Sussex County Educational Services Commission
County of Sussex
Sparta, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Sussex County Educational Services Commission, in the County of Sussex, State of New Jersey, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Sussex County Educational Services Commission Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Sussex County Educational Services Commission Board of Education, in the County of Sussex, State of New Jersey, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Information on pages 12 - 20 and 45 - 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sussex County Educational Services Commission Board of Education's basic financial statements. The other supplementary information listed in the table of contents and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 and the introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplemental information listed in the table of contents and the schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information listed in the table of contents, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical data section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2013 on our consideration of the Sussex County Educational Services Commission Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe

Honorable President and
Members of the Board of Education
Page 4.

the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sussex County Educational Services Commission Board of Education's internal control over financial reporting and compliance.

**REQUIRED SUPPLEMENTARY
INFORMATION - PART I**

SUSSEX COUNTY EDUCATIONAL SERVICES COMMISSION

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 (UNAUDITED)

This section of the Sussex County Educational Services Commission's annual financial report presents its discussion and analysis of the Commission's financial performance during the fiscal year ended June 30, 2013. Please read it in conjunction with the transmittal letter at the front of this report and the Commission's financial statements, which immediately follow this section.

Overview of the Financial Statements

This annual report consists of three parts: Management's Discussion and Analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the Commission:

- The first two statements are *district-wide* financial statements that provide both short-term and long-term information about the Commission's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Commission, reporting the Commission's operations in more detail than the district-wide statements.
- The *governmental fund* statements tell how basic services, such as regular and special education, were financed in the short-term as well as what remains for future spending.
- *Proprietary fund* statements offer short and long-term financial information about the activities the Commission operates like a business however they are not applicable to the Commission.
- *Fiduciary fund* statements provide information about the financial relationships in which the Commission acts solely as a trustee or agent for the benefit of others.
- *Notes to Financial Statements* provide additional information essential to full understanding of district-wide and fund financial statements.

The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the Commission's budget for the year. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Figure A-1

Organization of Sussex County Educational Services Commission's Financial Report

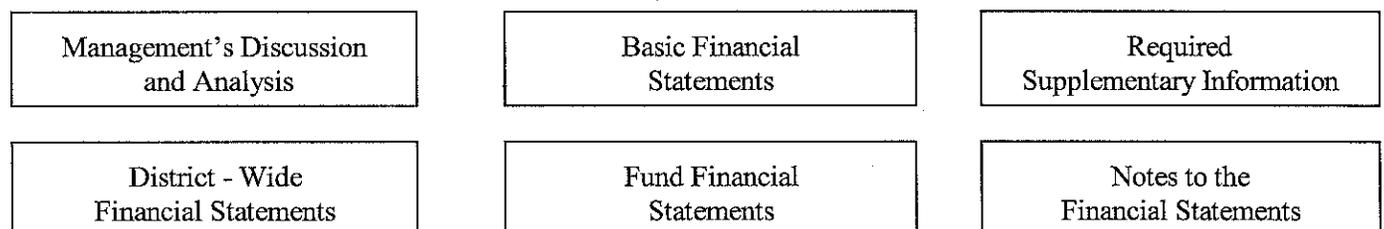

Figure A-2 summarizes the major features of the Commission's financial statements, including the portion of the Commission's activities they cover and the types of information they contain. The remainder of this overview section of the Management's Discussion and Analysis highlights the structure and contents of each of the statements.

Figure A-2

Major Features of the District-Wide and Fund Financial Statements

	District-Wide Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds - N/A	Fiduciary Funds
Scope	Entire Commission (except fiduciary funds)	The activities of the Commission that are not proprietary or fiduciary, such as special education and building maintenance	Activities the Commission operates similar to private businesses: Not applicable	Instances in which the Commission administers resources on behalf of someone else, such as scholarship programs and student activities monies.
Required Financial Statements	<ul style="list-style-type: none"> • Statement of net position • Statement of activities 	<ul style="list-style-type: none"> • Balance sheet • Statement of revenue, expenditures and changes in fund balances 	<ul style="list-style-type: none"> • Statement of net position • Statement of revenue, expenses changes in net position • Statement of cash flows 	<ul style="list-style-type: none"> • Statement of fiduciary net position • Statement of changes in fiduciary net position
Accounting Basis and Measurement Focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of Asset/Liability Information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, short-term and long-term	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can
Type of Inflow/Outflow Information	All revenue and expenses during the year, regardless of when cash is received or paid	Revenue for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenue and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

District-wide Statements

The district-wide statements report information about the Commission as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Commission's assets and liabilities. All of the current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the Commission's net position and how they have changed. Net position - the difference between the Commission's assets and liabilities - is one way to measure the Commission's financial health or position.

- Over time, increases and decreases in the Commission's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the Commission's overall health, you need to consider additional nonfinancial factors such as changes in the Commission's property tax base and the condition of school buildings and other facilities.

In the district-wide financial statements, the Commission's activities are divided into two categories:

Government Activities: Most of the Commission's basic services are included here, such as regular and special education and administration. Tuition and revenue from other local governmental units finance most of these activities.

Business-type Activities: The Commission has no business-type activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the Commission's funds, focusing on its most significant or 'major' funds - not the Commission as a whole. Funds are accounting devices the Commission uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The Commission establishes other funds to control and manage money for particular purposes (such as federal repaying its long-term debts) or to show that it is properly using certain revenue (such as federal grants)

The Commission has two kinds of funds:

Governmental Funds: Most of the Commission's basic services are included in governmental funds, which generally focus on 1) how cash and other financial assets that can readily be converted to cash flow in and out; and 2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Commission's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, additional information at the bottom of the governmental fund statements explains the relationship (or difference) between them.

Fiduciary Funds: The Commission is the trustee, or fiduciary, for assets that belong to others, such as the student activities fund. The Commission is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The Commission excludes these activities from the district-wide financial statements because it cannot use these assets to finance its operations.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements. The notes to the basic financial statements can be found immediately following the fund financial statements.

Financial Analysis of the Commission as a Whole

Net Position. The Commission’s net position increased \$505,621. Net position, invested in capital assets increased \$1,280,236; and unrestricted net position decreased \$774,615 due to the lease purchase agreement being paid off.

Unrestricted	<u>1,338,389</u>	<u>2,113,004</u>
Total Net Position	<u>\$2,945,791</u>	<u>\$2,440,170</u>

Changes in Net Position. The Commission's combined net position were \$2,945,791 on June 30, 2013, \$505,621 or 17.17% more than they were the year before. (See figure A-3). Some of the factors that contributed to this gain are as follows:

- Marginal profitability from Itinerant Services
- Increase in enrollment- NHA tuition revenue
- Increase in Teacher's Aide Revenue
- Payment of the Lease Purchase

Figure A-4

Changes in Net Position from Operating Results

Revenue:	Governmental Activities	
	<u>2012/2013</u>	<u>2011/2012</u>

Increase/(Decrease) in Net Position	<u>\$ 505,621</u>	<u>\$ 459,331</u>

Revenue Sources. The Commission's total revenue for the 2012/2013 school year was \$4,092,580. (See Figure A-5). Charges for services, which consists of tuition and charges for other special services provided to other local governmental units accounted for most of the Commission's revenue (81.29%). Another 5.11% came from State and Federal aid for specific programs and the remainder from miscellaneous sources. The Sussex County Education Services Commission basically conducts its operations from the revenues it receives from its tuition and charges for services from other local governmental units.

Figure A-5**Sources of Revenue for Fiscal Year**

	2013		2012	
	<u>Amount</u>	<u>Percentage</u>	<u>Amount</u>	<u>Percentage</u>
Sources of Income:				
Charges for Services	\$3,326,927	81.29%	\$2,709,476	79.29%

	<u>\$3,586,959</u>	<u>100.00%</u>	<u>\$2,957,968</u>	<u>100.00%</u>

Governmental Activities

The Commission's fund balance decreased considerably this year due to the payoff of the lease purchase agreement. However, providing and maintaining innovative programs and services for students with special needs places constant demands on the Commission's resources. The rising costs associated with State mandates, special education requirements, along with building/site operations remains to be a vigilant concern. Changes in State funding levels and eligible student enrollment in non-public schools also tends to be a variable that is difficult to estimate.

Figure A-7 presents the cost of five major Commission activities: instruction, pupil and instructional services, administration and business, maintenance and operations, and other miscellaneous expenses. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net earnings (costs) shows the financial resources provided by (used for) the Commission's functions.

Figure A-7

Net Costs/(Earnings) of Governmental Activities

	<u>Total Cost of Services</u>		<u>Net (Cost) Earnings of Services</u>	
	<u>2012/2013</u>	<u>2011/2012</u>	<u>2012/2013</u>	<u>2011/2012</u>
Instruction	\$1,891,016	\$1,643,122	\$1,644,985	\$1,237,631
Pupil and Instruction Services	613,802	493,824	(613,802)	(493,824)
Administration and Operations	750,151	589,902	(750,151)	(589,902)
Maintenance and Operations	140,101	117,301	(140,101)	(117,301)
Pupil Transportation	1,750		(1,750)	
Other	<u>190,139</u>	<u>113,819</u>	<u>(190,139)</u>	<u>(113,819)</u>
	<u>\$3,586,959</u>	<u>\$2,957,968</u>	<u>\$(50,958)</u>	<u>\$(77,215)</u>

- Total costs from all governmental activities this year was \$3,586,959.
- The net costs from all governmental activities this year was \$50,958.
- The state and federal governments subsidized certain programs with grants and contributions \$(209,075).
- Most of the Commission’s costs, however, were financed by charges for services from other local governmental units \$(3,326,927).
- The remainder of the funding came from miscellaneous revenue and investment earnings.

Financial Analysis of the Commission’s Funds

The administration is constantly aware that changes in enrollment and cost increases can occur unexpectedly. We rely on the tuition received from providing educational programs to students with special needs from other school districts as our main source of revenue. Even with a healthy fund balance, management of our expenses remains a priority in order to reinforce our financial health.

General Fund Budgetary Highlights

The Commission does not receive State Aid or Property Tax Levy funding. Its primary source of revenue is the tuition paid by a student’s home Board of Education. A minimal funding source is through nonpublic school subsidies for special programs from the State and Federal funds. The Commission also provides consultants to local school districts for speech therapy, social work, educational psychology, case managers, and home instruction on both long and short term basis.

During the course of the year, the Commission revises the annual operating budget several times. These budget amendments are made up of changes within budgetary line items for changes in the revenue stream affected by enrollment, types of services provided, state mandates, and levels of funding.

Capital Asset and Debt Administration

Figure A-8

Capital Assets (Net of Depreciation)

	<u>Governmental Activities</u>	
	<u>2012/2013</u>	<u>2011/2012</u>
Sites	\$ 230,000	\$ 230,000
Building and Building Improvements	1,317,690	1,367,767
Machinery and Equipment	<u>71,286</u>	<u>7,4262</u>
Total Capital Assets	<u>\$1,618,976</u>	<u>\$1,672,029</u>

The \$53,053 decrease in capital assets is due to current year \$62,188 of depreciation and \$9,135 of additions to capital assets.

Long Term Debt

At year-end, the Commission had \$46,864 remaining in a Capital Lease purchase agreement - a decrease of \$1,333,289 from last year. The building lease purchase agreement was paid off resulting in the big decrease of capital leases.

Figure A-9

Outstanding Long-term Debt

	<u>Total School District</u>	
	<u>2012/2013</u>	<u>2011/2012</u>
Capital Leases	\$11,574	\$1,344,863
Other Long-term	<u>35,290</u>	<u>51,701</u>
	<u>\$46,864</u>	<u>\$1,396,564</u>

Factors Bearing on the Commission's Future Revenue/Expense Changes

The Commission is facing budgetary challenges along with its constituent school districts. However, by marketing effective and efficient instructional services to public school districts and pricing Northern Hills Academy tuition below private "for profit" institutions; SCESC retains a competitive edge for special needs education. A decision to expand programs provided by NHA and the possibility of opening an alternative High School may result in the need for additional staff, administration and space. The Commission is in the process of adding one classroom and expanding the parking lot. We continue to promote the Commission and Northern Hills Academy through our web site, interaction with other districts, along with word of mouth and have seen the change in how the SCESC is now a leader in special education.

Contacting the Commission's Financial Management

This financial report is designed to provide the Commission's citizens, taxpayers, customers, investors and creditors with a general overview of the Commission's finances and to demonstrate the Commission's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Commission, 10 Gail Court, Sparta, New Jersey 07871.

**SUSSEX COUNTY EDUCATIONAL SERVICES COMMISSION
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

Total net change in fund balances - governmental funds (from B-2) (812,593.17)

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current fiscal year.

Depreciation expense	(62,188.00)	
Depreciable Capital outlay	<u>9,135.00</u>	(53,053.00)

In the statement of activities, certain operating expenses, e.g., compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when paid amount exceeds the earned amount the the difference is an addition to the reconciliation (+).

(Increase) Decrease in compensated absences payable	16,411.00
---	-----------

Repayment of long-term debt is reported as an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.

In the current year, these amounts consist of:

Principal Payments on Capital Leases	1,333,288.19
--------------------------------------	--------------

In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The change in accrued interest is a increase in the reconciliation.

	21,567.43
--	-----------

Change in net position of governmental activities

	<u><u>505,620.45</u></u>
--	--------------------------

**NOTES TO THE BASIC
FINANCIAL STATEMENTS**

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 1. DESCRIPTION OF THE SCHOOL COMMISSION AND REPORTING ENTITY

The Sussex County Educational Services Commission ("Commission") is an instrumentality of the State of New Jersey, established to function as an educational institution. The Commission consists of officials appointed to the Commission's Board of Directors as representatives from member school districts and is responsible for the fiscal control of the Commission. A superintendent is appointed by the Board and is responsible for the administrative control of the Commission. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The primary criterion for including activities within the Commission's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the Board holds the corporate powers of the organization
- the Board appoints a voting majority of the organization's board
- the Board is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Board
- there is a fiscal dependency by the organization on the Board

Based on the aforementioned criteria, the Board has no component units. Furthermore, the Board is not includable in any other reporting entity on the basis of such criteria.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education of the Sussex County Educational Services Commission have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Commission's accounting policies are described below.

A. Basis of Presentation

The Commission's basic financial statements consist of District-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Basis of Presentation (continued)

District-wide Financial Statements

The statement of net position and the statement of activities display information about the Commission as a whole. These statements include the financial activities of the overall Commission, except for the fiduciary funds.

The statement of net position presents the financial condition of the governmental activities of the Commission at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the governmental activities of the Commission. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Commission, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the Commission.

Fund Financial Statements

During the fiscal year, the Commission segregates transactions related to certain Commission functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the Commission's funds, including its fiduciary funds. Separate statements for each fund category - *government*, and *fiduciary* - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey Commissions to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among Commission financial reporting models. The various funds of the Commission are grouped into the categories governmental and fiduciary.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions of the Commission are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Commission's governmental funds:

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Basis of Presentation (continued)

GOVERNMENTAL FUNDS (continued)

General Fund - The General Fund is the general operating fund of the Commission. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay subfund.

As required by the New Jersey State Department of Education, the Commission includes budgeted Capital Outlay in this fund. Accounting principles generally accepted in the United States of America, as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenue.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, tuition, charges to other local government units and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

FIDUCIARY FUNDS

Fiduciary Fund - Fiduciary Fund reporting focuses on net position and changes in net position. The Fiduciary Funds are used to account for assets held by the Commission on behalf of individuals, private organizations, other governments and/or other funds. Fiduciary Funds include the Student Activities Fund and the Payroll Agency Fund.

B. Measurement Focus

District-wide Financial Statements

The District-wide statements (i.e., the statement of net position and the statement of activities) are prepared using the economic resources measurements focus and the accrual basis of accounting. All assets and liabilities associated with the operation of the Commission are included on the statement of net position, except for fiduciary funds.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus (continued)

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the District-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The District-wide financial statements and the financial statements of the fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year.

Nonexchange transactions, in which the Commission receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Commission must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Commission on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: tuition, unrestricted grants and interest.

Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement of focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

D. Budgets/Budgetary Control

Annual appropriated budgets are adopted in the spring of the preceding year for the general, and special revenue funds. The budgets are submitted to the county superintendents office for approval. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-2(g)1. Transfers of appropriations may be made by school board resolution at any time during the fiscal year. The Commission did make material supplemental budgetary appropriations during the fiscal year for additional revenue created by tuition, also creating additional costs.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end. The Commission increased their original budget for additional revenues and expenditures during the fiscal year in the amount of \$2,589,119.06.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Encumbrances (continued)

funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the Commission has received advances, are reflected in the balance sheet as unearned revenue at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

F. Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the Commission has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Tuition Revenues/Receivable

Tuition charges were established by the Commission based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2013, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

I. Short-Term Interfund Receivables/Payables

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental activities columns of the statement of net position, except for the net residual amounts due between governmental and fiduciary funds, which are presented as internal balances.

J. Capital Assets

All capital assets acquired or constructed during the year are recorded at actual cost. Donated fixed assets are valued at their estimated fair market value on the date received. The capital assets acquired or constructed prior to June 30, 1993 are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. Donated capital assets are valued at their estimated fair market value on the date received. The Commission maintains a capitalization threshold of \$2,000.00. The Commission does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>
Sites and Improvements	20 years
Building and Improvements	7-50 years
Furniture, Equipment and Vehicles	5-20 years

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

K. Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Commission and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Commission and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

L. Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Unearned revenue in the special revenue fund represents cash that has been received but not yet earned. See Note 2(E) regarding the special revenue fund.

M. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the District-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgements, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current year. Bonds, long-term obligations, and capital leases that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

N. Fund Balances:

Fund balance is divided into five classifications based primarily on the extent to which the Board is bound to observe constraints imposed upon the resources in the governmental funds. The classifications are as follows:

- **Nonspendable** fund balance includes amounts that are not in a spendable form (inventory, for example) or are required to be maintained intact (the principal of an endowment fund, for example).
- **Restricted** fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers (for example, grant providers), constitutionally, or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Effectively, restrictions may be changed or lifted only with the consent of resource providers.
- **Committed** fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the Board's highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally.
- **Assigned** fund balance comprises amounts *intended* to be used by the Commission for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- **Unassigned** fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

O. Net Position

Net position represent the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Commission or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Commission applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

P. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Commission and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year.

Q. Allocation of Indirect Expenses

The Commission reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. TPAF on-behalf contributions and changes in compensating absences have not been allocated and have been reported as unallocated benefits on the Statement of Activities. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities as unallocated depreciation. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

R. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reports, amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

S. Recent Accounting Pronouncements:

In August 2011, the Governmental Accounting Standards Board (GASB) issued Statement No. 65 "Items Previously Reported as Assets and Liabilities". This statement, which is effective for fiscal periods beginning after December 15, 2012, is not anticipated to have any effect on the Commission's financial reporting.

In October 2011, the Governmental Accounting Standards Board (GASB) issued Statement No. 66 "Technical Corrections – 2012 – an amendment of GASB Statements No. 10 and No. 62". This statement, which is effective for fiscal periods beginning after December 15, 2012, amends and supersedes previously issued GASB statements to incorporate guidance that had been included in AICPA and FASB guidance. The statement will have a minimum, but undetermined impact on the proprietary fund financial statements of the Commission.

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 67, "Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25". This statement, which is effective for fiscal periods beginning after June 15, 2013, is not anticipated to have any impact on the Commission's financial reporting.

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 68, "Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27". This statement, which is effective for fiscal periods beginning after June 15, 2014, is not anticipated to have any impact on the Commission's financial reporting.

In January 2013, Governmental Accounting Standards Board (GASB) issued Statement No. 69 "Government Combinations and Disposals of Government Operations". This statement, which is effective for fiscal periods beginning after December 15, 2013, will not have any effect on the Commission's financial reporting.

In April 2013, Governmental Accounting Standards Board (GASB) issued Statement No. 70 "Accounting and Financial Reporting for Nonexchange Financial Guarantees". This statement, which is effective for fiscal years beginning after June 15, 2013, will not have any impact on the Commission's financial statements.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Commission's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2013, \$-0- of the Commission's bank balance of \$995,869.10 was exposed to custodial credit risk.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Investments

Investment Rate Risk

The Commission does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

Credit Risk

New Jersey Statutes 18A:20-37 limit school district investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America; bonds or other obligations of the school districts or bonds or other obligations of the local unit or units within which the school district is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk

The Commission places no limit on the amount the Commission may invest in any one issuer.

NOTE 4. RECEIVABLES

Receivables at June 30, 2013 consisted of accounts and intergovernmental. All receivables are considered collectible in full. A summary of the principal items of receivables follows:

	<u>Governmental Fund</u>	<u>District Wide Financial Statements</u>
State Aid	\$ 7,793.96	\$ 7,793.96
Federal Aid	-	-
Other	<u>272,387.02</u>	<u>272,387.02</u>
Gross Receivables	280,180.98	280,180.98
Less: Allowances for Uncollectables	<u>-</u>	<u>-</u>
Total Receivables Net	<u>\$280,180.98</u>	<u>\$280,180.98</u>

Governmental Activities					
Capital Assets, Net	<u>1,672,029.00</u>	<u>(53,053.00)</u>			<u>1,618,976.00</u>

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 6. CAPITAL ASSETS

Depreciation expense was charged to functions as follows:

Instruction:	
Special Education Instruction	\$26,119.00
Student and Instruction Related Services	15,371.00
School Administrative Services	12,889.00
General Administrative Services	6,327.00
Plant Operations and Maintenance	605.00
Central Services & Admin. Info. Tech	<u>877.00</u>
 Total Depreciation Expense	 <u>\$62,188.00</u>

NOTE 7. LONG-TERM OBLIGATION ACTIVITY

Changes in long-term obligations for the fiscal year ended June 30, 2013 were as follows:

	<u>Balance</u> <u>June 30, 2012</u>	<u>Issued</u>	<u>Retired</u>	<u>Balance</u> <u>June 30, 2013</u>	<u>Due Within</u> <u>One Year</u>	<u>Long Term</u> <u>Portion</u>
Compensated Absences Payable	51,701.00	548.00	16,959.00	35,290.00	-	35,290.00
Capital Leases	<u>1,344,862.66</u>	<u> </u>	<u>1,333,288.19</u>	<u>11,574.47</u>	<u>6,458.50</u>	<u>5,115.97</u>
	<u>1,396,563.66</u>	<u>548.00</u>	<u>1,350,247.19</u>	<u>46,864.47</u>	<u>6,458.50</u>	<u>40,405.97</u>

A. Bonds Authorized but not Issued

As of June 30, 2013, the Commission had no debt authorized but not issued.

B. Capital Leases Payable

The Commission is leasing 2 copiers under capital leases. The term of the lease is for 5 years. The following is a schedule of the future minimum lease payments and the present value of the net minimum lease payments at June 30, 2013.

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$ 6,458.50	\$561.50	\$ 7,020.00
2015	2,377.35	242.65	2,620.00
2016	1,606.90	133.10	1,740.00
2017	<u>1,131.72</u>	<u>28.28</u>	<u>1,160.00</u>
Total minimum lease payments	<u>\$11,574.47</u>	<u>\$965.53</u>	<u>\$12,540.00</u>

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

C. Compensated Absences Payable:

The liability for compensated absences of the governmental fund types is recorded as a long-term liability. There is no current portion of the compensated absences balance of the governmental funds in the current year. The long-term portion of compensated absences is \$35,290.00 for Governmental Activities.

Compensated absences payable will be liquidated by the General Fund.

NOTE 8. PENSION PLANS

Description of Plans - Substantially all employees of the Commission are covered by either the Public Employees' Retirement System (PERS), the Teachers' Pension and Annuity Fund (TPAF) or the Defined Contribution Retirement Program (DCRP), which have been established by state statute. PERS and TPAF are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or reports can be accessed on the Internet at: <http://www.state.nj.us/treasury/pensions/annrpts archive.htm>.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Commission and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Defined Contribution Retirement Plan (DCRP) - The Defined Contribution Retirement Program was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The program provides eligible members with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. Vesting is immediate upon enrollment for members of th DCRP.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 8. PENSION PLANS (continued)

Contribution Requirements - The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by the State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% of PERS and 5.5% for TPAF of the employee's annual compensation. Pursuant to the provisions of Chapter 78, P.L. 2011, this amount will increase to 6.5% plus an additional 1% phased in over 7 years beginning in the first year. For fiscal year 2012, the member rate will increase in October 2011. This phase in will take place on July 1 of each subsequent fiscal year. Employers are required to contribute at an actuarially determined rate in all Funds except SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and TPAF. In the PERS and TPAF, the employer contribution includes funding for post-retirement medical premiums.

During the year ended June 30, 2013 for TPAF, which is a cost sharing plan with special funding situations, annual pension cost equals annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost differs from the annual required contribution due to the enactment of Chapter 114, P.L. 1997. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Commission. PERS employer contributions are made annually by the Commission to the pension system in accordance with Chapter 114, P.L. 1997.

The Board's contribution to PERS, equal to the required contributions for each year, were as follows:

<u>Year Ending</u>	
6/30/13	\$39,982.00
6/30/12	40,335.00
6/30/11	50,168.00

The State of New Jersey contribution to TPAF (paid on-behalf of the Commission) for normal and post retirement benefits were as follows:

<u>Year Ending</u>	<u>Pension Contributions</u>	<u>Post-Retirement Medical Contributions</u>	<u>NCGI Premium</u>
6/30/13	\$45,186.00	\$53,783.00	\$2,377.00
6/30/12	22,724.00	50,583.00	2,439.00
6/30/11	-	70,159.00	3,303.00

During the year ended June 30, 2013, the State of New Jersey contributed \$101,346.00 to the TPAF for pension contributions, NCGI premium contributions and post retirement medical benefits on behalf of the Commission. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$77,728.78 during the year ended June 30, 2013 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts have been included in the district-wide financial statements, and the fund-based statements as revenues and expenditures in accordance with GASB 24.

The Board made contributions to the DCRP for the years ended June 30, 2013, 2012 and 2011, in the amount of \$13,611.86, \$-0-, and \$-0-, respectively.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 9. POST-RETIREMENT BENEFITS

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required Teachers' Pension and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2012, there were 97,661 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994 Chapter 62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 Chapter 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. In fiscal year 2012, the State paid \$146.6 million toward Chapter 126 benefits for 16,618 eligible retired members.

NOTE 10. DEFERRED COMPENSATION

The Commission offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plan, which is administered by Equitable, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency.

NOTE 11. RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board has obtained insurance coverage to guard against these events to minimize the exposure to the Commission should they occur.

Property and Liability Insurance - The Commission maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage.

The Commission has elected to fund its New Jersey Unemployment Compensation Insurance by becoming experience rated in which the Commission pays State unemployment taxes according to the same method the State uses for other employers.

**Sussex County Educational Services Commission
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2013**

NOTE 12. FUND BALANCE APPROPRIATED

General Fund [Exhibit B-1] - Of the \$1,373,678.82 General Fund fund balance at June 30, 2013, \$1,373,678.82 is unreserved and undesignated.

NOTE 13. ECONOMIC DEPENDENCY

The Commission receives a substantial amount of its support from tuition and fees from other local governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Commission's services and activities.

NOTE 14. CONTINGENT LIABILITIES

Grant Programs - The Commission participates in federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The Commission is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

Litigation - Counsel has advised us that they are unaware of any material pending or threatened litigation, claims or assessments.

NOTE15: SUBSEQUENT EVENT

The Commission has evaluated subsequent events through November 21, 2013, the date which the financial statements were available to be issued and no other items were noted for disclosure.

Source: District Records

Note: Noncapital expenditures are total expenditures less capital outlay.

Central Services and Administrative Information Technology account classifications were added beginning with year end June 30, 2005.

Prior to June 30, 2005, Central Services and Administrative Information Technology were combined in Other Support Services as Business and Other Support Services.

* GASB requires that ten years of statistical data be presented. However, since fiscal year 2005 was the first year of GASB 34 implementation ten years is not presented. Each year, thereafter, an additional year's data will be included until ten years of data is presented.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and
Members of the Board of Directors
Sussex County Educational Services Commission
County of Sussex
Sparta, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Education of the Sussex County Educational Services Commission, in the County of Sussex, New Jersey, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated November 21, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit on the financial statements, we considered the Sussex County Educational Services Commission Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sussex County Educational Services Commission Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sussex County Educational Services Commission Board of Education's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

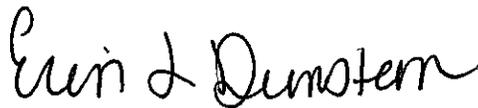

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sussex County Educational Services Commission Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards or the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

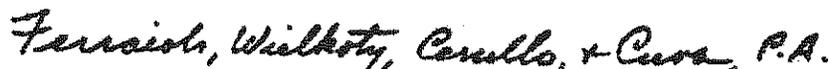

We noted certain matters that were required to be reported to the Board of Education of the Sussex County Educational Services Commission in the separate Auditors' Management Report on Administrative Findings - Financial, Compliance and Performance dated November 21, 2013.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Sussex County Educational Services Commission
 Schedule of Expenditures of State Financial Assistance
 for the Fiscal Year Ending June 30, 2013

State Grantor/Program Title	Grant or State Project Number	Program or Award Amount	Grant Period From / To	Balance at June 30, 2012		Carryover (Walkover) Amount	Cash Received	Budgetary Expenditures	Adjustments/ Reapportionment of Prior Years' Balances	Balance June 30, 2013 (Accounts Receivable)	Due to Grantor	MEMO	
				Unearned Revenue (Accts Receivable)	Due to Grantor							Budgetary Receivable	Cumulative Total Expenditures
State Department of Education: General Fund: Reimbursed T.P.A.F. - Social Security Total General Fund	13-695-034-5035-002	77,728.78	7/1/12 - 6/30/13				69,934.82	77,728.78		(7,793.96)			77,728.78
Total State Financial Assistance							69,934.82	77,728.78		(7,793.96)			77,728.78
							69,934.82	77,728.78		(7,793.96)			82,728.78

The accompanying notes to Schedule of Expenditures of awards and Financial Assistance are an integral part of this schedule.

NOTE 1. GENERAL

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance include the activity of all Federal and State Award programs of the Sussex County Educational Services Commission. The Commission is defined in Note 1 to the Commission's financial statements. All Federal and State Awards received directly from federal and state agencies, as well as Federal Awards and State Awards passed through other government agencies is included on the Schedule of Expenditures of Federal Awards and State Financial Assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Awards and Financial Assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. This basis of accounting is described in Notes 1 to the Commission's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of State, Local Governments and Non-Profit Organizations*, therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to N.J.S.A.18A:22-44.2. For GAAP purposes, payments are not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with N.J.S.A.18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$-0- for the general fund and \$-0- for the special revenue fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

NOTE 3. RELATIONSHIP TO FINANCIAL STATEMENTS (continued)

Additionally, as discussed further in Note 5, the State of New Jersey makes contributions on-behalf of the Commission for TPAF post-retirement medical and pension contributions. The total amount of these contributions during 2013 fiscal year was \$101,346.00.

Awards and financial assistance revenues are reported in the Commission’s financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ -	\$179,074.78	\$179,074.78
Special Revenue Fund	<u>30,000.00</u>	<u>-</u>	<u>30,000.00</u>
	<u>\$30,000.00</u>	<u>\$179,074.78</u>	<u>\$209,074.78</u>

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal awards and state financial reports.

NOTE 5. OTHER

The amount reported as TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2013.

The State of New Jersey also makes TPAF post-retirement medical and pension contribution expenditures on-behalf of the Commission. These expenditures are not subject to New Jersey OMB Circular 04-04 because the contributions are made by the State directly and do not have any compliance related requirements, and therefore, have not been included on the Schedule of State Financial Assistance, as directed by the funding agency.
